**PETITION TO WITHDRAW HOLDING OF ABANDONMENT BASED ON**  
**FAILURE TO RECEIVE OFFICE ACTION**

TO THE COMMISSIONER FOR PATENTS:

Under 37 CFR 1.181(a) and *Delgar v. Schulyer*, 172 USPQ 513 (D.D.C. 1971), Applicant hereby petitions the Office to withdraw the holding of abandonment in the above-identified application and remail the Notice of Allowance originally mailed October 3, 2008 (hereinafter “Notice of Allowance”), with an issue fee due date of January 5, 2009, on the grounds that Applicant’s representative did not receive the Notice of Allowance. To establish nonreceipt of the Notice of Allowance, Applicant provides a Declaration of Adam L.K. Philipp and Exhibits A and B.

**Remarks** begin on 2 of this paper.

**Declaration of Adam L.K. Philipp** begins on 3 of this paper.

**Exhibit A** begins on 5 of this paper.

**Exhibit B** begins on 8 of this paper.

**REMARKS**

Applicant respectfully submits that the evidence provided herewith establishes that the Notice of Allowance was not received at the correspondence address of record. As required by MPEP 713.01(c) § I, the Declaration of Adam L.K. Philipp establishes that AXIOS Law Group uses a sufficiently reliable docketing system and that a search of the practitioner's records (including those illustrated in Exhibits A and B) indicates that the Notice of Allowance was not received. Applicant respectfully requests that the Office withdraw the holding of abandonment in the above-identified application and re-mail the Notice of Allowance, establishing a new Issue Fee due date of three months from the date of re-mailing.

The Office is respectfully requested to contact the undersigned at the telephone number below if there are any remaining questions regarding this application.

We believe that no fees are due for this petition under 37 CFR 1.181(a). If, however, insufficient fee payment or fee overpayment occurs, the amount may be withdrawn or deposited from/to AXIOS Law Group's deposit account. The deposit account number is 50-4051.

Respectfully submitted,  
AXIOS LAW GROUP

**DECLARATION OF ADAM L.K. PHILIPP IN SUPPORT OF PETITION TO**  
**WITHDRAW HOLDING OF ABANDONMENT**

In Application of:

Application No.: 10/736,452

Filed: December 14, 2003

For: METHOD AND APPARATUS FOR

Confirmation No. 3079

Examiner: Lu, Kuen S.

I, Adam L.K. Philipp, am over the age of eighteen and competent to testify to the following:

1. I am the founding member of AXIOS Law Group.
2. The above identified application (hereinafter "the '452 Application") is assigned to RealNetworks, Inc. AXIOS Law Group is the assignee's representative in matters related to the '452 Application.
3. While reviewing the '452 Application in Patent Application Information Retrieval ("PAIR") on January 6, 2008, one of the firm's associates became aware that a Notice of Allowance had been mailed on October 3, 2008 (hereinafter "Notice of Allowance") and that the issue fee was therefore due on January 5, 2009.
4. The Notice of Allowance was not received at AXIOS Law Group's correspondence address, which has been the correspondence address of record for the '452 Application since July 21, 2008. A search of AXIOS Law Group's records, including the file jacket for the '452 Application and the application contents, indicated that the Notice of Allowance was not received.
5. AXIOS Law Group uses the following system for recording an Office Action received at its correspondence address:
  - a. All mail received at its correspondence address is opened by a Docketing Paralegal.
  - b. When the Docketing Paralegal opens an Office Action, it is date-stamped, docketed, stamped as docketed, photocopied, and placed into the file jacket for the relevant matter. The photocopy is affixed to the front of the file jacket, and the file jacket goes to a Patent Paralegal, who routes the file jacket to an appropriate attorney.

- c. All Office Actions received are docketed using ProLaw, a widely-used integrated software suite provided by Thomson Reuters for managing cases and matters in a law practice. AXIOS Law Group has used ProLaw for over three years, and ProLaw has always been a reliable docketing system.
  - d. When docketing an Office Action into ProLaw, an “event” is created including at least the application number, the attorney docket number, the mail date of the Office Action, and a due date for a response. Response due dates are determined by ProLaw according to current patent rules provided by Westlaw Calendaring Rules, also provided by Thomson Reuters.
6. Exhibit A is an Events Report from ProLaw showing all events related to the matter associated with the ‘452 Application as of January 7, 2009. Exhibit A further shows that no events related to the Notice of Allowance were entered. If the Notice of Allowance had been received, a “Notice of Allowance” event would have been entered with a date of October 3, 2008, and ProLaw would also have created an Issue Fee due event on January 5, 2008.
7. Exhibit B shows a master docket report of all events docketed in ProLaw for January 5, 2008. Exhibit B further shows that no events related to the ‘452 Application were docketed for that date.
8. AXIOS Law Group does not have a history of not receiving Office Actions.

I swear, under penalty of perjury, under the laws of the United States and the State of Washington, the foregoing is true and correct.

Signed this 9th day of January, 2009, in Seattle, Washington.
